Remarks:

If the subject is taken into custody, please submit a current set of the subject's inked fingerprints to the laboratory for comparison.

Further examination has been deferred. Item 10 and Item 13 should be resubmitted in the event additional examination will significantly aid in this investigation.

Proper handling procedures should be exercised to protect Item 10 and Item 13 in the event that additional examination becomes necessary.

Any analysis conducted is accredited under the *ISO/IEC 17025:2017 - Testing Laboratory* accreditation issued by ANSI National Accreditation Board (ANAB). Refer to certificate #FT-0240 and associated Scope of Accreditation. This report contains the conclusions, opinions and/or interpretations of the analyst(s) whose signature(s) appears on the report as authorization of the results. All testing was performed at the location listed in the header of this document, unless otherwise indicated in the Notes Packet. The "Notes Packet" appendix of this report, available in Prelog, contains detailed information on the method(s) used, date(s) of testing, location(s) of testing and environmental conditions associated with this analysis, if applicable. All evidence submitted to the laboratory will be returned upon completion of all service requests, unless otherwise indicated in the body of the report. For information regarding the extent and frequency of searches of individual characteristic databases (e.g. CODIS, ABIS, NIBIN), please see the "Documents" section of Prelog or contact a Prelog Administrator at your agency for access to the document.

I have personally completed this report. Under penalties of perjury, I certify I have examined all of the information provided for this document related to the analysis conducted for this report and, to the best of my knowledge, it is true, correct, and complete.

Respectfully submitted,
